***EVER WANTED TO...***

**START YOUR OWN CLOTHING LINE?**

**PRODUCE A RANGE?**

**GET BRANDED MERCH MADE?**

**THEN YOU HAVE COME TO THE RIGHT PLACE**

Glow Creative Studios & Gabriela Charlotte offer epic product & service packages to bring your vision to life - anything from strategic brand building to sampling.

Gabriela will assist with design, technical briefings, project management & strategic sound boarding while the ladies in studio work to bring the vision to life.

This is a very individual process and we love to cater to your personal needs. Starting or developing a line of clothing can range anywhere from R1500 per style, to R30000 for a capsule collection. Clothing takes time & developing a look should be considered investment capital until you start manufacturing.
